

# Placerville Wildfire Resilience Strategy

Enhancing wildfire resilience through collaborative, large-scale forest health projects and strategic planning.

## Community Participation Map

Identify areas on the interactive map where Community Wildfire Mitigation opportunities would be beneficial.

Also identify where you see problems such as fuel loading, hazardous trees, etc.

Go to <https://www.eldoradorcd.org/placerville-wildfire-resilience-strategy>

Your input will help the RCD and partners identify where community wildfire mitigation strategies would help protect the community.
