

Public Works Superintendent

*Class specifications are intended to present a descriptive list of the range of duties performed by employees in the class. Specifications are **not** intended to reflect all duties performed within the job.*

SUMMARY DESCRIPTION

Under administrative direction of the Public Works Operations Manager, the Public Works Superintendent supervises and coordinates the activities and operations of the Maintenance Division within the Public Works Department. Duties include the coordination and supervision of all operations and maintenance/repair services related to streets, sidewalks, storm drains, water distribution systems and wastewater collection systems. In addition, the Public Works Superintendent coordinates assigned activities with other divisions, departments, and outside agencies and provides highly responsible and complex administrative support to the Public Works Operations Manager.

IDENTIFYING CHARACTERISTICS

The Public Works Superintendent is considered a Division Manager with responsibility for the management of a Division that includes several line areas/sections or functional work groups of significant depth and complexity. Responsibilities include overall administration and implementation of a Division including development of Division objectives and design and implementation of supporting units, programs, processes, policies, and/or procedures to successfully achieve those objectives. A Division Manager is also responsible for the development, administration, and control of the associated budget(s). The Public Works Superintendent is distinguished from the Senior Maintenance Worker in that the Public Works Superintendent has overall program and project responsibility whereas the Senior Maintenance Worker is responsible for a particular assignment or activity.

REPRESENTATIVE DUTIES

The following duties are typical for this classification. Incumbents may not perform all of the listed duties and/or may be required to perform additional or different duties from those set forth below to address business needs and changing business practices.

1. Assumes supervisory responsibility for assigned services and activities of the Public Works Division including operation, maintenance, and repair programs, services, and activities related to the City's streets, sidewalks, storm drains, water distribution system, and wastewater collection system; oversees the installation of traffic signs and pavement markings; supervises the City's water meter repair and maintenance program..
2. Supervises and participates in the development and implementation of goals, objectives, policies, and priorities for assigned programs; recommends and administers policies and procedures.
3. Monitors and evaluates the efficiency and effectiveness of service delivery methods and procedures; recommends, within departmental policy, appropriate service and staffing levels.
4. Plans, supervises, coordinates, and reviews the work plan for public works maintenance staff; assigns work activities, projects, and programs; reviews and evaluates work products, methods, and procedures; meets with staff to identify and resolve problems.
5. Estimates staff time, equipment, and materials needed for planned projects; orders necessary supplies and equipment.

6. Selects, trains, motivates, and evaluates assigned maintenance personnel; provides or coordinates staff training; works with employees to correct deficiencies; recommends disciplinary action.
7. Oversees and participates in the development and administration of the Division's annual budget; participates in the forecast of funds needed for staffing, equipment, materials, and supplies; monitors and approves expenditures; codes all invoices for payment from budget accounts; implements adjustments.
8. Maintains records and prepares reports; monitors and reports on project timeline and expenditure compliance.
9. Provides information for the planning, coordinating and overseeing of special construction projects.
10. Performs inspections for the replacement of water and wastewater systems.
11. Serves as the liaison for the Public Works Department's Maintenance Division with other divisions, departments, and outside agencies; negotiates and resolves sensitive and controversial issues.
12. Serves as staff on a variety of boards, commissions, and committees; prepares and presents staff reports and other necessary correspondence.
13. Provides responsible staff assistance to the Public Works Operations Manager; conducts a variety of organizational studies, investigations, and operational studies; recommends modifications to public works maintenance programs, policies, and procedures as appropriate.
14. Attends and participates in professional group meetings; maintains awareness of new trends and developments in the field of public works maintenance and operations; incorporates new developments as appropriate.
15. Responds to and resolves difficult and sensitive citizen inquiries and complaints including those regarding necessary or ongoing repairs; provides and fosters strong customer relations.
16. Provides emergency response for public works; responds to emergency calls after hours as necessary.
17. Performs related duties as required.

QUALIFICATIONS
