Re: Annual Rate Review (CPI Adjustment and Fuel Component Review)

March 1, 2019

Dear Cleve,

Pursuant to Section 19.C. of that certain Collection Franchise Agreement (as such has been amended by that certain First Amendment to Collection Franchise Agreement dated May 13, 2008) (the 'Agreement'), we are formally requesting that the City implement the automatic CPI adjustment for our hauling rates as provided for in Section 19.C of the Agreement. We have attached the CPI calculator as the reference. As you will see, the increase in the Consumer Price Index – All Items – for the State of California for the past year is was 3.70%. Accordingly, we are requesting a 3.70% rate increase effective as of July 1, 2019.

The year over year comparison we do through the Purchaser's Price Index is done based on January to January view. This year, the fuel component decreased slightly from 4.18% to 3.64%, a -0.54% change. Accordingly, the net rate increase effective July 1, 2019 is 3.16%. We have attached the PPI calculator for your reference.

We would like to review the Performance Standards with you, and share with the public. As you know, we have summarized our performance and our program data in a monthly report, separately submitted to the City.

We appreciate your co-operation and look forward to hearing from you. If you have any questions or need further information, please feel free to contact me at (530) 295-2854.

Sincerely,

A handwritten signature in black ink, appearing to read "JE England". The signature is fluid and cursive, with the first name "JE" being more prominent and stylized.
