Pursuant to Section 3093 of the California Civil Code Notice is hereby given that on June 7, 2019, the following project was deemed complete and is in acceptable compliance with the contract plans and specifications developed by the City of Placerville Engineering Department pursuant to the contract awarded for the work by the Placerville City Council per Resolution No. 8678.

Project No. 41404

SIERRA TANK BYPASS PROJECT

Location:

1911 Country Club Drive, Placerville, CA 95667

Project Description: Work contained within this contract consisted of the construction of two parallel 6-inch water mainlines in a residential City street, installation of a new pressure reducing station (PRS), installation of a new 6-inch bulk water meter and precast concrete vault, and the demolition, removal, and disposal of the existing water storage tank, hydro-pneumatic tank, pump house including cast iron sand filter tanks, booster pumps, and valves. Additionally at the conclusion of the project, eight residential pressure regulators were installed by change order.

All work for the project was described in the contract plans and specifications as prepared by Domenichelli and Associates for the City of Placerville Engineering Department. Based on this information, Placerville City Council awarded the contract for this design work per Resolution No. 8259.

I, Rebecca Neves, City Engineer of the City of Placerville, certify the above project has been constructed in substantial compliance with the plans and specifications of said contract on file with the City Clerk of the City of Placerville, that said work and improvements were completed on June 7, 2019 and the project has been accepted by me as completed pursuant to authority granted by the City of Placerville City Council by Resolution No. XXXX adopted on June 25, 2019.

I, the undersigned, say: I declare under penalty of perjury that I have written the above Notice and know its contents, and the facts stated therein are true and correct.
