FRONTAGE IMPROVEMENT AGREEMENT
2808 Jaymar Ct

Reference: Permit Application No. 22368
2808 Jaymar Ct
050-341-020

This Agreement made and entered into this _____ day of _____, 2023 by and between Jarred Rasmussen and Sarah Rasmussen, hereinafter referred to as "OWNER", and the City of Placerville, a Municipal Corporation of the State of California, hereinafter referred to as "CITY";

WHEREAS the above-named OWNER is constructing a 493 SF garage conversion at assessor's parcel number 050-341-020.

WHEREAS the above-named OWNER has agreed to construct certain frontage improvements as required under City Code.

NOW THEREFORE, in consideration of the above-mentioned instrument and the other conditions hereinafter set forth, it is mutually agreed as follows:

A. OWNER'S RESPONSIBILITY

1. Owner shall install, at no expense to the City, the following frontage improvements:
 - a. Approximately 230 lineal feet of concrete curb and gutter;
 - b. Approximately 230 lineal feet of 4-ft wide concrete sidewalk;
 - c. Approximately 450 square feet of asphalt concrete street paving, said paving being 100 lineal feet by 4.5-ft wide and adjacent to the concrete gutter; and
 - d. Any and all longitudinal drainage facilities and appurtenances as may be deemed necessary by the City Engineer, pursuant to current and acceptable engineering standards along the parcel street frontage.

2. Owner shall install the improvements described herein within ninety (90) days after written request by the City Council upon a finding by the City Council that such construction is needed. In the event the above described improvements are installed to City standards through assessment district procedures or otherwise, prior to the City giving the notice provided for herein, then this Agreement shall not be enforceable by City.
3. Owner shall make an offer of dedication to the City of all required easements and rights of way for the installation of streets, utilities and public service facilities, including the curb, gutter, and sidewalk, as required by City Code Section 8-9-5.
4. As of the date of this agreement, the City is engaged in the process of developing a Pedestrian Circulation Improvement Program, a component of which may be the creation of a Pedestrian Circulation Impact Fee. In the event that a fee is adopted, the City may, at its sole discretion, determine that the undersigned property owner, or their successors in interest, shall pay the adopted fee in lieu of constructing sidewalk improvements along their frontage. The amount of the obligation shall be the lesser of the adopted fee, or the then current cost of constructing improvements identified herein. Said payments shall be due to the City within 90 days of the City placing a demand on the property owner.

B. CITY'S RESPONSIBILITY

1. City may, upon satisfactory completion of construction of all improvements described in Section A1 above, accept said improvements in accordance with standard City maintenance policies.
2. If the City constructs the improvements described in Section A1 above, it is further understood and agreed by and between the parties hereto that the Owner grants to City, its contractors or agents, the right to enter on the remaining lands of the Owner for the purpose of constructing improvements in the area dedicated by the Owner.

THIS AGREEMENT shall be binding upon the successors in interest of Owner, and shall until the improvements set forth herein are completed, be a charge against the remaining property of Owner. Said Owner's property being described as (see attached Exhibit "A").

NO OBLIGATION OTHER THAN AS SET FORTH IN THIS AGREEMENT WILL BE RECOGNIZED. THE PROCEDURE FOR APPEAL OF THE CONDITIONS HEREIN IS SET FORTH IN SECTION 8-9-10 OF THE CITY CODE.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement the day and year first above written.
