Background:

The City is a founding member of the Northern California Cities Self Insurance Fund (NCCSIF), which is a Joint Powers Authority (JPA) that was formed in 1979, that offers self-insured risk services to municipalities such as general liability insurance, property insurance, and worker's compensation insurance. For the past 46 years, the City has participated in the worker's compensation program which is currently administered by LWP Claims Solutions on behalf of NCCSIF.
