9.1 If the CONTRACTOR is adjudged as bankrupt or insolvent, or makes a general assignment for the benefit of its creditors or if a trustee or receiver is appointed for the CONTRACTOR or for any of its property, or if CONTRACTOR files a petition to take advantage of any debtor's act, or to reorganize under the bankruptcy or applicable laws, or on more than one occasion fails to supply sufficient skilled workmen or suitable material or equipment, or on more than one occasion fails to make prompt payments to subcontractors for labor, materials, or equipment, or disregards the authority of the City's Representative, or the Engineer, if one is appointed, or otherwise violates any provision of the Contract Documents, then the City may, without prejudice to any other right or remedy and after giving the CONTRACTOR and its Surety a minimum of 9 days from delivery of a written termination notice, terminate the services of the CONTRACTOR and take equipment and machinery thereon owned by the CONTRACTOR and finish the Work by whatever method the City may deem expedient. In such case, the CONTRACTOR shall not be entitled to receive any further payment until the Work is finished.

9.2 Without prejudice to other rights or remedies the City may have, if the CONTRACTOR fails to begin delivery of materials and equipment, to commence Work within the time specified, to maintain the rate of delivery of material, to execute the Work in the manner and at such locations as specified, or fails to maintain a work program which will ensure the City's interest, or, if the CONTRACTOR is not

carrying out the intent of the Contract, an Inspector's written notice may be served upon the CONTRACTOR and the Surety on its faithful performance bond demanding satisfactory compliance with the Contract. If the CONTRACTOR or its Surety does not comply with such notice within 5 days after receiving it, or after starting to comply, fails to continue, the City may exclude it from the premises and take possession of all material and equipment, and complete the Work by City's own forces, by letting the unfinished Work to another CONTRACTOR, or by a combination of such methods.

9.3 Where the CONTRACTOR's services have been so terminated by the City, said termination shall not affect any right of the City against the CONTRACTOR then existing or which may thereafter accrue. Any retention or payment of monies by the City due the CONTRACTOR will not release the CONTRACTOR from compliance with the Contract Documents.

9.4 If the unpaid balance of the Contract Price exceeds the direct and indirect costs of completing the Work, including compensation for additional professional services, such excess shall be paid to the CONTRACTOR. If the sums under this Contract are insufficient for completion, the CONTRACTOR or Surety shall pay to the City within 5 days after the completion, all costs in excess of the Contract Price. In any event, the cost of completing the Work shall be charged against the CONTRACTOR and its Surety and may be deducted from any money due or becoming due from the City.

9.5 If the Surety assumes any part of the Work, it shall take the CONTRACTOR's place in all respect for that part and shall be paid by the City for all Work performed by it in accordance with the Contract. If the Surety assumes the entire Contract, all money due the CONTRACTOR at the time of its default shall be payable to the Surety as the work progresses, subject to the terms of this Contract.

9.6 The provisions of the section shall be in addition to all other rights and remedies available to the City under law.

9.7 If after notice of termination, it is determined for any reason that the CONTRACTOR was not in default, the rights and obligations of the parties shall be the same as if the notice of termination had not been issued. The Contract shall be equitably adjusted to compensate for such termination.

ARTICLE 10 TERMINATION FOR CONVENIENCE

10.1 City may terminate this Contract in whole or in part thirty (30) calendar days upon written notice to CONTRACTOR for any reason. If such termination is effected, City will pay for satisfactory services rendered prior to the effective dates as set forth in the Notice of Termination provided to CONTRACTOR, and for such other services, which City may agree to in writing as necessary for contract resolution. In no event, however, shall City be obligated to pay more than the total amount of the contract.

10.2 Upon receipt of said written notice, CONTRACTOR shall stop all work under the Contract except: (1) work specifically directed to be completed prior to termination, (2) work the Inspector deems necessary to secure the project for termination, (3) removal of equipment and plant from the site of the Work, (4) action that is necessary to protect materials from damage, (5) disposal of materials not yet used in the Work as directed by the City, and (6) cleanup of the site.

10.3 If the Contract is terminated for the City's convenience as provided herein, all finished or unfinished work and materials previously paid for shall, at the option of City, become its property. CONTRACTOR shall be paid an amount which reflects costs incurred for work provided to the date of notification of termination. In addition, CONTRACTOR shall be paid the reasonable cost, as solely judged by City, and without profit, for all work performed to secure the project for termination.
