Public Notice of ADA Requirements and Grievance Procedure

As required by the Americans with Disabilities Act, the City has posted the following notice outlining its responsibilities with regard to ADA compliance.

Public Notice

In accordance with the requirements of Title II of the Americans with Disabilities Act of 1990, the City of Placerville will not discriminate against qualified individuals on the basis of disability in City's services, programs or activities.

Employment: The City does not discriminate on the basis of disability in its hiring or employment practices and complies with all regulations promulgated by the U.S. Equal Employment Opportunity Commission under Title I of the Americans with Disabilities Act (ADA).

Effective Communication: The City will generally, upon request, provide appropriate aids and services leading to effective communication for qualified persons with disabilities so they can participate equally in the City's programs, services and activities, including qualified sign language interpreters, documents in Braille, and other ways of making information and communications accessible to people who have speech, hearing or vision impairments.

Modifications to Policies and Procedures: The City will make all reasonable modifications to policies and procedures to ensure that people with disabilities have an equal opportunity to enjoy all City programs, services and activities. For example, individuals with service animals are welcomed in City offices, even where pets are generally prohibited.

Anyone who requires an auxiliary aid or service for effective communication, or a modification of policies or procedures to participate in a City program, service or activity, should contact the office of the ADA Coordinator as soon as possible but no later than 48 hours before the scheduled event:

The ADA does not require the City to take any action that would fundamentally alter the nature of its programs or services or impose an undue financial or administrative burden.

The City will not place a surcharge on a particular individual with a disability or any group of individuals with disabilities to cover the cost of providing auxiliary aids/services or reasonable modifications of policy, such as retrieving items from locations that are open to the public but are not accessible to persons who use wheelchairs.
