The Contractor shall pay to the City/County the sum of \$4,800.00 per day, for each and every calendar days' delay in finishing the work in excess of the number of working days prescribed above.

Proposal

Replace Contractor's Bid and Bid Price Schedule with revised Contractor's Bid and Bid Price Schedule.

Questions and Answers

The City received the following questions:

Question 1: There are no bid items for permanent pavement delineations. It seems all pavement delineations will be done on Broadway Maintenance contract. If so, can the striping plans be removed from the Broadway Sidewalks project?

City's response to Question 1: Depending on the sequence of work, temporary pavement markings and temporary traffic stripe shown in the Broadway Sidewalks plans may not be necessary. City encourages the Contractor to coordinate with Contractor for the Broadway Maintenance project to minimize the need for temporary pavement markings and temporary traffic stripes.

Question 2: What items are included in the *Connect to Existing Water System* bid item?

City's response to Question 2: Refer to page SP-44 of the Special Provisions for details on what is included in the *Connect to Existing Water System* bid item.
