CIP # 42337

## CONSTRUCTION UPDATE #13

Week of December 15, 2025

Hi Everyone!

This is our weekly update to the community regarding the Placerville Drive Pedestrian Connectivity Project. Construction started on Friday September 19, 2025, and these updates will continue to be sent via email to any interested parties and posted on the City of Placerville's website to keep the community up to date on the status of this project. Thanks in advance for everyone's understanding and patience during construction.

### Current Period

- No daytime work planned for the upcoming week
- No nighttime work planned for the upcoming week
- **Businesses near the project site and their access will remain open**

### Following Period

- **DAY WORK** – Daytime work operations will include (**weather dependent**):
  - A few long lead items will be completed at a later date, but will have minimal impact to vehicular traffic on Placerville Drive
    - Install storm drain pipe lining
    - Install Radar Feedback Speed Sign and Flashing Beacon System for the crosswalk

### Important Information

Traffic control measures will be in place to direct vehicles and pedestrians through the work areas, but there may be some minor delays.
