HOME OCCUPATION

HOME OCCUPATION: An occupation carried on within a dwelling by the residents thereof, which use is incidental and accessory to the residential use of the dwelling, provided that the residential character of the dwelling is maintained and the home occupation is conducted in such a manner as to not give an outward appearance nor outwardly manifest any character of a business or home occupation nor infringe upon the right of neighboring residents to enjoy the peaceful occupancy of their homes. A home occupation does not: occupy more than 10% of the area of residence, change the use or occupancy of an accessory building, involve onsite retail sales of merchandise, and does not generate more than 4 vehicle trips per day (a vehicle trip is defined as one round trip to and from the site).

I have read the above definition of "Home Occupation" and will comply with the requirements as set forth.
