8. ENVIRONMENTAL ASSESSMENTS/PUBLIC HEARINGS

8.1 3092 Hazzard Street – Variance (VAR) 19-02: Request by property owner Sammie Ball for a Variance to allow a 6-foot rear-yard setback where 20 feet is required under Zoning Ordinance Section 10-5-8(D)5, for a bedroom expansion on the second floor of an existing single-family home.

City Planner Painter presented staff's report. Chair Kiehne announced she visited the site, spoke with the applicant, took and presented copies of photos taken of the site. Member Raines announced that she visited the site and neighborhood. Speakers: Ronald Williams, Applicant. Public Comment: None.

Motion: Motion made by Member Raines, seconded by Member Frenn to:

I. Adopt the Staff Report as part of the public record.

II. Make the following findings:

- (a) The project is categorically exempt from environmental review according to Section 15303(a) of the Environmental Quality Act Guidelines, in that the request involves a minor setback variances not resulting in the creation of a new parcel.
- (b) Due to the existing built nature of the site and surrounding area that contains existing residences and accessory structures that have non-conforming setbacks, or have similar parcel area to the site, and have the same R1-6 zoning as demonstrated within the staff report and applicant exhibits, that the granting of this request does not constitute a special privilege not enjoyed by others in the vicinity and zone in which the property is located.
- (c) In that the proposed bedroom addition with the setback variance would be constructed entirely within the project parcel, and windows would look out to the north and south side yards not west toward the rear yard, the granting of this request will not be detrimental to the public health, safety, convenience and welfare, nor injurious to properties and improvements in the vicinity of the subject site.

III. Approve Variance 19-02, subject to the following conditions and requirements:

1. These conditions and requirements shall apply to Variance 19-02, a request by Sammie Ball for a setback variance that allows a 6 feet rear yard where 20 feet is required, for the construction of an addition of 168 square feet to a second story bedroom.
2. Approval is granted for the Variance request described in the application date-stamped July 11, 2019, and staff's August 20, 2019 report to the Planning Commission, except as modified by the conditions of approval.
3. The permit shall apply only to 3092 Hazzard Street, Parcel Number 004-151-011, regardless of any change of ownership, and may not be transferred to another parcel.
4. These conditions of approval shall be binding on the applicant and all successors in interest in the event the project site is sold to another party.
5. Any proposed future change to the site or modification to the application beyond what is authorized under this permit shall be submitted to the Development Services Department for a determination of appropriate procedures.

Action: Motion passed on the following roll call vote:
