HISTORIC CITY HALL INTERIOR VERTICAL SHORING AND EXTERIOR LATERAL WALL BRACING PROJECT
TO BE OPENED AFTER 2:00 p.m., JUNE 16, 2020

LOCATION/DESCRIPTION OF THE WORK: The project is located at Historic City Hall at 487 Main Street, Placerville, CA 95667. Project consists of constructing an interior shoring system to transfer the load of the building from its unreinforced masonry exterior west wall to the shoring, and constructing an exterior bracing system that prevents the wall from lateral movement. The bracing is intended to remain in place through a renovation process until the exterior west wall can be redesigned to handle the building’s loads and forces per code. There is an active tenant in the adjoining building (489 Main Street) that uses the first floor of 487 Main Street for art gallery space. The tenant will be moved out and not be using the space through the project schedule.

The building at 487 Main Street was constructed in 1860 to serve as the City’s first Fire Station. It was in continual public use until 2005, and was leased in 2016 to Arts & Culture El Dorado as an art gallery space on the first floor only. The first floor of the adjoining building at 489 Main Street is currently occupied by their offices. The expectation is that once the shoring is in place, renovations to the building can commence.

Other items or details not mentioned above, that are required by the Plans, Standard Specifications, or these Special Provisions, shall be performed, constructed or installed.

Bids are required for the entire Work described herein.

The contract time shall be 30 WORKING DAYS.

COST ESTIMATE (FOR BONDING PURPOSES): For bonding purposes, the anticipated project cost is less than $85,000.

All bidders’ questions and communications relative to the Contract Documents shall be submitted in writing to the City or via email to the contact information provided below. No verbal responses to any questions concerning the content of the Plans and Contract Documents will be given. All responses will be in the form of written addenda to the Contract Documents and Plans. Inquiries or questions about alleged patent ambiguity of the plans, specifications, or estimate must be submitted as a bidder inquiry before bid opening. Bid inquiries must be received by 2:00 pm on June 8, 2020. After this time, the City will not consider these questions as bid protests.

Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700)
of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services,
or materials pursuant to the public works contract or the subcontract. This assignment shall be made and
become effective at the time the awarding body tenders final payment to the contractor, without further
acknowledgment by the parties.

If an awarding body or public purchasing body receives, either through judgment or settlement, a
monetary recovery for a cause of action assigned under this chapter, the assignor shall be entitled to
receive reimbursement for actual legal costs incurred and may, upon demand, recover from the public
body any portion of the recovery, including treble damages, attributable to overcharges that were paid by
the assignor but were not paid by the public body as part of the bid price, less the expenses incurred in
obtaining that portion of the recovery. Upon demand in writing by the assignor, the assignee shall, within

been or may have been injured by the violation of law for which the cause of action arose and (a) the
assignee has not been injured thereby, or (b) the assignee declines to file a court action for the cause of action."

**Article 9. TERMINATION BY OWNER FOR CONVENIENCE**

The City reserves the right to terminate the Contract at any time upon determination by the City's Representative that termination of the Contract is in the best interest of the City. City shall issue the Contractor a written notice specifying that the Contract is to be terminated.

Upon receipt of said written notice, Contractor shall stop all work under the Contract except: (1) work specifically directed to be completed prior to termination, (2) work the Inspector deems necessary to secure the project for termination, (3) removal of equipment and plant from the site of the Work, (4) action that is necessary to protect materials from damage, (5) disposal of materials not yet used in the Work as directed by the City, and (6) cleanup of the site.

If the Contract is terminated for the City's convenience as provided herein, all finished or unfinished work and materials previously paid for shall, at the option of City, become its property. Contractor shall be paid an amount which reflects costs incurred for work provided to the date of notification of termination. In addition, Contractor shall be paid the reasonable cost, as solely judged by City, and without profit, for all work performed to secure the project for termination.

**Article 10. TERMINATION BY OWNER FOR CAUSE**

If the Contractor is adjudged as bankrupt or insolvent, or makes a general assignment for the benefit of its creditors or if a trustee or receiver is appointed for the Contractor or for any of its property, or if Contractor files a petition to take advantage of any debtor's act, or to reorganize under the bankruptcy or applicable laws, or on more than one occasion fails to supply sufficient skilled workmen or suitable material or equipment, or on more than one occasion fails to make prompt payments to subcontractors for labor, materials, or equipment, or disregards the authority of the City's Representative, or the Engineer, if one is appointed, or otherwise violates any provision of the Contract Documents, then the City may, without prejudice to any other right or remedy and after giving the Contractor and its Surety a minimum of 10 days from delivery of a written termination notice, terminate the services of the Contractor and take equipment and machinery thereon owned by the Contractor and finish the Work by whatever method the City may deem expedient. In such case, the Contractor shall not be entitled to receive any further payment until the Work is finished.

Without prejudice to other rights or remedies the City may have, if the Contractor fails to begin delivery of materials and equipment, to commence Work within the time specified, to maintain the rate of delivery of material, to execute the Work in the manner and at such locations as specified, or fails to maintain a work program which will ensure the City's interest, or, if the Contractor is not carrying out the intent of the Contract, an Inspector's written notice may be served upon the Contractor and the Surety on its faithful performance bond demanding satisfactory compliance with the Contract. If the Contractor or its Surety does not comply with such notice within 5 days after receiving it, or after starting to comply, fails to continue, the City may exclude it from the premises and take possession of all material and equipment, and complete the Work by City's own forces, by letting the unfinished Work to another Contractor, or by a combination of such methods.

Where the Contractor's services have been so terminated by the City, said termination shall not affect any right of the City against the Contractor then existing or which may thereafter accrue. Any retention or payment of monies by the City due the Contractor will not release the Contractor from compliance with the Contract Documents.

If the unpaid balance of the Contract price exceeds the direct and indirect costs of completing the Work, including compensation for additional professional services, such excess shall be paid to the Contractor. If the sums under the Contract are insufficient for completion, the Contractor or Surety shall pay to the City within 5 days after the completion, all costs in excess of the Contract price. In any event, the cost of completing the Work shall be charged against the Contractor and its Surety and may be deducted from any money due or becoming due from the City.
If the Surety assumes any part of the Work, it shall take the Contractor’s place in all respect for that part and shall be paid by the City for all Work performed by it in accordance with the Contract. If the Surety assumes the entire Contract, all money due the Contractor at the time of its default shall be payable to the Surety as the work progresses, subject to the terms of this Contract.

The provisions of the section shall be in addition to all other rights and remedies available to the City under law.

If after notice of termination, it is determined for any reason that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the notice of termination had not been issued. The Contract shall be equitably adjusted to compensate for such termination.

**Article 11. WORKERS COMPENSATION CERTIFICATION**

Contractor warrants and represents that he is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for workers compensation or to undertake self-insurance in accordance with the provisions of that Code. Pursuant to the provisions of California Civil Code sections 1860, 1861, and prior to commencement of work, the Contractor shall sign and file with the City Project Administrator a certification in the form prescribed in section 1861.

**Article 12. WARRANTY**

The Contractor warrants to the City that materials and equipment furnished for the Work will be good quality and new, unless otherwise required or permitted under the Contract Documents, that the Work will be free from defects or flaws and is of the highest quality of workmanship and that the Work will conform with the requirements herein. Work not conforming to these requirements, including substitutions not properly approved and authorized, shall be considered defective.

**Article 13. RETAINAGE AND FINAL PAYMENT**

The retention from payment is set forth in Section 9 "Payment" of the Special Provisions. The Contractor may elect to receive 100 percent of payments due as set forth in the Contract Documents, without retention, by depositing securities of equivalent value with the City, in accordance with, and as set forth in Section 22300 of the Public Contract Code.

Final Payment to the Contractor, less retention, in accordance with the final estimate is contingent upon the Contractor furnishing the City with all required forms for project close out and a signed written release of all claims again the City arising by virtue of the Contract. The Contractor, from the operation of the release, may specifically exclude disputed Contract claims in stated amounts. The release shall be in substantially the following form
