**Consolidated List of Revisions to Comply with State Requirements of Government Code Sections 65565.5 and 65302(d)**

## Transportation Element

*Goal B*

1. The City shall attempt to minimize traffic congestion in the downtown area by studying the feasibility of constructing "beltways" around the northerly and southerly portions of the city, thereby providing alternate routes for through traffic, while also evaluating opportunities to incorporate or improve multi-use trail connections and active transportation access.

2. The City shall coordinate with state and federal efforts to improve the flow of traffic through Placerville on Highway 50. The City shall continue to review alternatives for solving traffic congestion related to Highway 50. In addition, the City will work with the California Department of Fish and Wildlife to identify opportunities to improve wildlife connectivity, such as assisting with identifying barriers to movement, and prioritizing areas for conservation, restoration, or enhancement.

*Goal F*

3. In approving development projects, the City shall continue to require the construction of sidewalks connecting major pedestrian destinations, such as schools, recreation, hospitals, and government centers.

4. Where deemed necessary and appropriate, the City shall undertake construction of sidewalks connecting major pedestrian destinations, such as schools, recreation, hospitals, and government centers.

*Goal I*

1. The City will work with the local school districts to provide sidewalks, ~~or~~ walkways, or multiuse trails along routes used by school children on their way to and from school.

## Public Facilities and Services

**Goal D: To establish and maintain an equitable park system and recreation program that are suited to the needs of all Placerville residents and visitors.**

3. The City shall continue to assess park development fees on all new residential development sufficient to fund citywide park improvements and/or development.

6. The City shall aggressively pursue federal, State, and regional funding programs for park acquisition and development to augment City revenues to the extent State funding is available.

8. The City ~~shall encourage~~ will collaborate with the County to provide additional parkland for residents in the unincorporated Placerville area.

10. The City shall promote the provision of ~~private~~ open space and recreational facilities as part of new residential developments.

13. The City shall ensure consistency across park and recreation programming, including coordination between the General Plan and the Placerville Area Parks and Recreation Master Plan.

**Natural, Cultural, and Scenic Resources**

*Goal D*

4. The City shall use parkland and open-space areas with subdivisions to preserve natural areas and create a buffer around sensitive wildlife habitats and corridors.

**Placerville Area Parks and Recreation Master Plan Update Policies Addressing New State Requirements**

- Strategy PT-1: Require all new neighborhood and community parks to have ADA accessible paths for pedestrian and compatible uses.
- Strategy PT-2: Require development and redevelopment projects that will include recreational open space to provide trail access through the open space to facilitate access and meaningful connections between the open space and adjacent neighborhoods and parks.
- Strategy P-1: The City should seek input from mature adults and seniors to diversify and expand life enrichment and physical activities specifically for these groups. Such activities may include travel, cultural events, health management, community stewardship, etc.
- Strategy P-2: Continue to work with the El Dorado County Youth Commission to get input from teens on program and event preferences, in collaboration with local schools and other youth organizations. In particular, identify ways to involve underserved teens in identifying the types of activities and facilities that would best meet their needs.
- Strategy P-4: Develop a process for providing recreation opportunities for people with disabilities through both adaptive and inclusive recreation programs.
- Strategy P-5: Actively engage with other community partners to increase the number and variety of community festivals, events, fairs, and concerts to provide more recreation opportunities.
- Strategy A-2: Review existing Lighting and Landscape Maintenance District assessment periodically to make sure the level of assessment remains consistent with the cost of services provided. Implement or update annual cost factor increases as needed.
- Strategy A-3: Continue to pursue joint use agreements with the school districts to secure access to recreation facilities and optimize use of public resources and to limit the need for new facility development as feasible.

- Strategy A-4: Provide training to staff to enhance grant writing skills to successfully collaborate with regional partners and compete for grant funding.
- Strategy A-5: Look for new revenue opportunities from expanded use of existing park facilities and events. Also consider non-traditional revenue generation through ground leases for cell towers, advertising sales, donations, sponsorships, etc.
- Strategy A-6: Pursue opportunities to leverage volunteers for appropriate uses that could help offset the need for additional staff, or free up staff for more cost-effective uses. Continue to build on the City's long history of working with community groups such as Rotary and the Lions Club in support of park initiatives.
- Strategy A-7: Design all new facilities and facility renovations to include energy and resource cost management strategies, such as low water-use plantings, solar activated safety lights, etc.
