To the City Council

I appreciate your help in solving

this fire problem at Homestead Park.

We have had 2 fires over the last few years at the park. I was wondering what is being done and has been done to solve this problem. No where else have we had so many fires. We must solve this problem before a big forest fire happens. Please address this issue. I do not want a big fire in Placerville.

also I was wondering why
we only have 2 Park Staff. I know
I just left. We cannot clean houses
with such little staff still so many
needles, Homeless Camps, Homeless using the
bathrooms for showers, there drug use
it is a major problem why is houses
a Surtory Park for the Homeless.
I thought it was for our children.
Parents don't bring their children
because of the Homeless problem

Please address these Serious issues

I have been trying for over 10 years
now with very little being done
the Homeless sell so many drugs at the
Park and why are they allowed to
bring Popore Canisters to the Park

Great
